

Application No. 09/309,844
Attorney Docket No. 96-753.1

AMENDMENT

Please amend the this application as follows:

IN THE CLAIMS

Please add new claims 29 through 32 as follows:

29. (new) The work machine of claim 2, wherein said cooling core has a longitudinal axis that intersects the longitudinal axis of said frame at an angle other than 90°.

30. (new) The work machine of claim 11, wherein said cooling core has a longitudinal axis that intersects the longitudinal axis of said frame at an angle other than 90°.

31. (new) The work machine of claim 19, wherein said cooling core has a longitudinal axis that intersects the longitudinal axis of said frame at an angle other than 90°.

32. (new) The work machine of claim 24, wherein said frame has a longitudinal axis, and wherein said cooling core has a longitudinal axis that intersects the longitudinal axis of said frame at an angle other than 90°.

REMARKS

Entry of the amendments presented above is requested, at least for purposes of appeal. The amendments are presented in response to the examiner's suggestion in the Final Office Action dated January 6, 2003, that "the applicant further define that the radiator's longitudinal axis forms an angle with the vehicle's longitudinal axis, which may be favorable..." Accordingly, since the examiner has invited this amendment, entry at least for purposes of appeal is appropriate.
